## Rank Management Alternatives

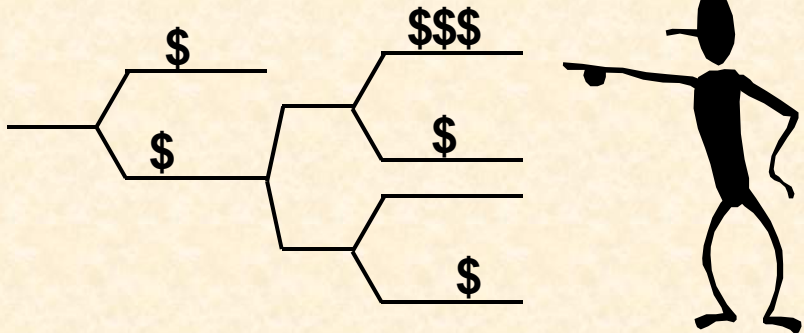

Risk Navigator SRM

The illustration depicts a central figure holding a large yellow pencil, standing next to a flip chart. The flip chart shows a dollar sign with a diagonal slash through it, and below it, a dollar sign with a question mark. To the left, a stick figure holds a money bag with a dollar sign. To the right, a stick figure is running. In the foreground, a stick figure is kicking a soccer ball. Another stick figure in the bottom right is holding a hammer and a wooden plank. The background is a textured, light brown surface.

## Choose the Alternative

Risk Navigator SRM

The diagram is a decision tree with a single root node on the left. It branches into two paths. The upper path leads to a node with a single dollar sign (\$). The lower path leads to a node with a single dollar sign (\$). From the upper node, two more branches emerge: the top one leads to a node with three dollar signs (\$\$\$), and the bottom one leads to a node with a single dollar sign (\$). From the lower node, two more branches emerge: the top one leads to a node with a single dollar sign (\$), and the bottom one leads to a node with a single dollar sign (\$). To the right of the tree, a stick figure is pointing towards the branches. The background is a textured, light brown surface.

**Operational Management**

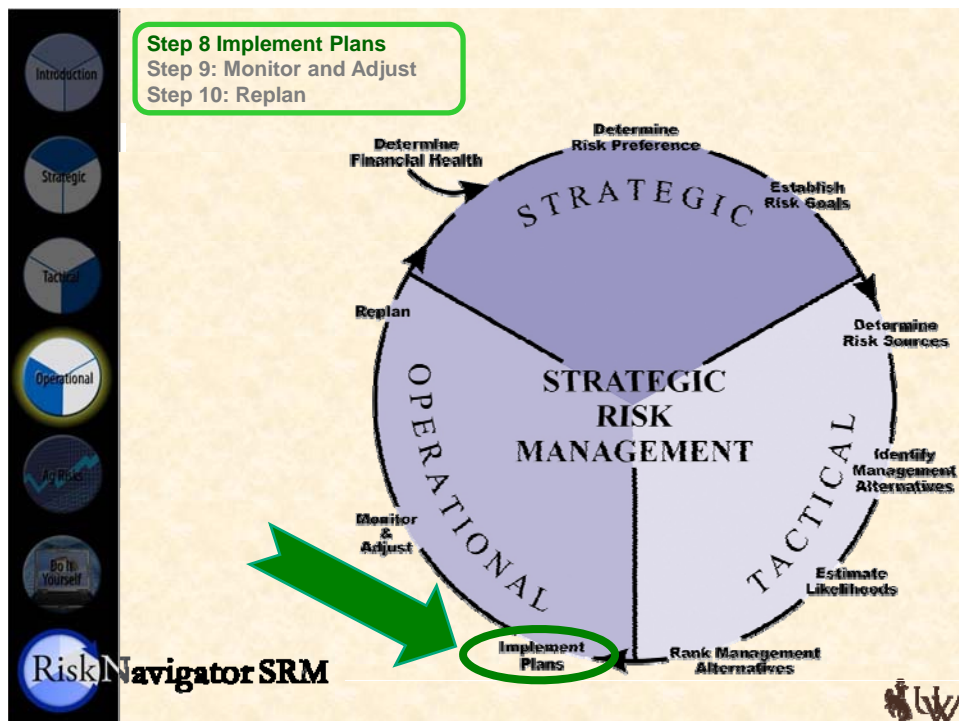

*“...Doing Things Right...”*

*The things that must be done today and tomorrow in order to reach the tactical objectives and strategic goals.*

## Communication is Essential

## Replan

- As we move toward our goals, we should review our chosen route
- Make sure we are still "on course"
