The diagram illustrates the components of Strategic Risk Management. It features a central circle labeled 'STRATEGIC RISK MANAGEMENT'. Surrounding this central circle are three larger, overlapping circles labeled 'STRATEGIC', 'OPERATIONAL', and 'TACTICAL'. Arrows indicate a cyclical relationship between these levels. The 'STRATEGIC' circle is associated with 'Risk Preference' and 'Risk Types'. The 'OPERATIONAL' circle is associated with 'Region' and 'Risk Assessment'. The 'TACTICAL' circle is associated with 'Decision Risk Control', 'Inventory Management Allocation', and 'Enterprise Control System'. At the bottom of the diagram, 'Implementation' and 'Risk Assessment' are also indicated. The background of the slide is a landscape with a cloudy sky. At the bottom are logos for 'RightRisk', 'RMA', and 'Risk Navigator'.
