## Wyoming Mediation Program

from the Farm Management

The Wyoming Mediation Board was created by the 1987 Legislature to establish procedure for mediation of disputes between farmers or ranchers and their creditors (W.S. 11-41-101 to 110). The Board's size and duties were expanded by the 1998 Legislature to address natural resource and agricultural issues and to identify solutions that are accepted by all conflicting parties. The Board operates in conjunction with the Wyoming Department of Agriculture.
